

AXJ-2

2-Channel Load Cell Summing

Key Features

- 2-Channel Load Cell Signal Integration
- Wide Indicator Compatibility
- IP67 Waterproof & Dustproof
- Compact Aluminum Housing
- Convenient Push-Pull Connector

Applications

- Wired Measurement of Vehicle Axle Load
- Systems Requiring Specific Indicators
- Environments Requiring Simplified Wiring
- Dual Signal Line Integration

Specifications

Max. Connections	2
Case Material	Aluminum
Wiring Type	4-wire load cell
Output Type	Analog load cell signal output
Input Type	Parallel connection
Signal Processing	Passive (no power required)
Connection Type	3 push-pull connectors
Mounting Type	Wall or structure mounting
Protection Rating	IP67
Impact Rating	IK08
Temperature	-20 to 60 °C
Humidity	85% RH (Non-condensing)
Weight	350 g

Options

None
