

DL3

Handheld Remote Control

Key Features

- Wireless Monitoring and Remote Control
- Lightweight and Portable Design
- Replaceable 18650 Li-ion Battery
- Built-in Charging Circuit
- Durable Silicone Rubber Keypad

Applications

- Crane and Industrial Scale Monitoring
- Remote Control in Hazardous Environments
- Mobile Weighing Monitoring
- Single-Operator Operation

Specifications

Case Material	ABS
Display	6-digit FSTN LCD (11 mm character height), LED backlight
Input Method	6 silicone rubber keys
Wireless	ZigBee
Frequency Band	ISM 2.4 GHz
Wireless Protocol	IEEE 802.15.4
Wireless Range	Typical Range: 30 m (max. 300 m)
USB Interface	USB Type-C (USB 1.1, VCP support)
Battery	Replaceable Li-ion battery, approx. 63 days (8 h/day, max. 500 h), built-in charging circuit
Charger Input	5 VDC, 1 A SMPS (USB Type-C)
Temperature	-20 to 60 °C
Humidity	85% RH (Non-condensing)
Weight	110 g

Options

None
